

fail chart

Did you just fail at something?

No

Good job!

Just don't get cocky now. It's not always this easy.

Yes

That's okay.
What are you going to do now?

Try again right away.

Yeah you are!

Cry and try again.

That's okay! At least you're trying again!

Give up and quit.

What?! Why???

"Because I didn't want it that bad to begin with."

"Because I don't like to fail."

Are people relying on you?

Yes

No

Then you shouldn't quit. Follow through with your commitment, and don't let them down.

Everybody fails. It is part of life and is essential to success. Try again. Trust me on this.

Tough. Everybody fails. Get over it.

Well, it's your decision, but failing is a part of the path to success. Instead of quitting, see what happens when you try a few more times. You can do it!
