

1. **Structural Frame 1** recognising the underlying features that influence and determine the structure of an artwork
2. **Structural Frame 2** the aesthetic order within the artwork - the signs and symbols used to convey meaning
3. **Structural Frame 3** the effective use of visual codes and conventions to convey ideas
4. **Structural Frame 4** the rules about the specific forms of organisation in different artworks, which differ for each medium, and their significance in the medium studied
5. **Structural Frame 5** the elements and principles of art that show how effective structure can be achieved in an artwork
6. **Structural Frame 6** the artist's particular approach or philosophy to artmaking
7. **Structural Frame 7** the formal element of the artwork that demonstrates certain conventions and rules that relate to style, genre or material practice
